INDIVIRTUS®

INDIVIRTUS GROUP OF COMPANIES

800+ Happy Clients in 64 Countries

ABOUT US

Indivirtus (**Indian company with virtuousness**, character, courage, transparency & truthfulness) is a group of companies offering **cost effective solutions wrapped with quality.**

OUR SERVICES

INDIVIRTUS HEALTHCARE SERVICES PVT. LTD.

- GREENFIELD/ BROWNFIELD PROJECTS
- VALIDATION (CSV/ EQUIPMENT/ HVAC)
- CALIBRATION SERVICES (NABL ACCREDITED LAB)
- FORMULATION DEVELOPMENT & TECHNOLOGY TRANSFER
- ADE/PDE OEL/OEB & RISK ASSESSMENT OF IMPURITIES
- GMP, SCHEDULE M COMPLIANCE & TRAINING
- REGULATORY AFFAIRS
- PHARMACOVIGILANCE

INDIVIRTUS GLOBAL CRO PVT. LTD.

- BA/BE STUDIES
- CLINICAL TRIALS

INDIVIRTUS ECOLOGICAL SERVICES P. LTD.

- NATURE BASED TREATMENT OF WATER BODIES- PONDS, LAKE, RIVER, RESERVOIRS AND DRAINS
- ETP/STP SETUP
- POWER/ENERGY SAVING SOLUTIONS

Dr. Ashish Jain

director.bd@indivirtus.com

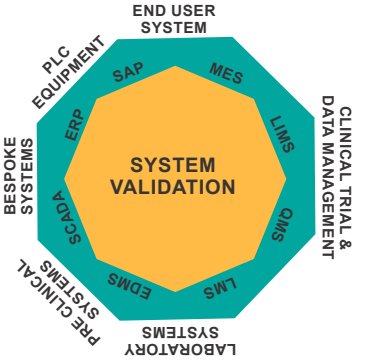

GREENFIELD/ BROWNFIELD PROJECTS

- Finished Dosage Forms
- Active Pharmaceutical Ingredients
- Intermediates

VALIDATION (CSV/Equipment)

- Laboratory Systems (HPLC/GC/KF/UV/FTIR/POLARIMETER)
- Process Automation Systems (PLC/HMI/SCADA/IPC)
- Environment Monitoring Systems (EMS)
- Enterprise Applications (SAP/ERP/LIMS/DMS/QMS/LMS etc.)
- Temperature Mapping (SIP/ Autoclave/ Tunnel/ Cold Room/ Warehouse)

CALIBRATION LAB (NABL ACCREDITED)

Thermal: Temperature & Relative Humidity (RH), IR Thermometers, Furnace, Oven etc.

Electro Technical: AC/DC Current, Voltage, Resistance, Inductance, Time, Frequency etc.

Mechanical: Speed (RPM), Tachometer, Acoustics, Sound Level Meter etc.

Dimension: Vernier/Digital Caliper, Micrometer, Tape & Scale, Plunger and Lever Dial etc.

Pressure/Vacuum: Pressure/Vacuum/Magnehelic Gauges, Transmitter, Safety Valves etc.

Mass & Volume: Weights, Weighing Balance, Pipettes, Burettes etc.

Others: pH Meters, ORP, Conductivity Meters, TDS, Flow Meter, Water Meter etc.

SCAN THE QR CODE to access our Calibration Certificate & Scope

FORMULATION DEVELOPMENT & TECHNOLOGY TRANSFER

- Formulation Development & Technology Transfer
- Know How Based Technology Transfer with Available R&D Data (800+ Products)
- Analytical Method Development & Validations

TOXICOLOGICAL RISK ASSESSMENT

- ADE/PDE/OEL & OEB Calculation for Cleaning Validation
- Genotoxic (Mutagenic) Evaluation of impurities as per ICH Q3 A (R2), ICH Q3 B (R2), ICH Q3 C (R8) & ICH M7 guidelines.
- Training on Cleaning Validation
- Safety Assessment Report of Finished Formulations
- Preparation of MSDS/SDS

ICH M7 | MultiCASE | Derek | Sarah

GMP APPROVALS FROM REGULATORY AUTHORITIES

EU-GMP | USFDA | WHO-GMP & PICS | TGA | Health Canada | GCC | ANVISA | COFEPRIS (Mexico)

- **Vender Audits**
- **Gap Assessment Audits for**

- Plant Layout Design, Equipment, Infrastructure, Process Flow, Flow of Man & Material, Raw Material and FG Store, Documentation
- Validation, Calibration & Qualification
- CAPA and Risk Management with Appropriate Mitigation and Contingency Plan
- GAP Assessment as per Various Regulatory Guidelines including Schedule M

REGULATORY COMPLIANCE AND MEDICAL DEVICE REGISTRATION

- Preparation, Review and Submission of the CTD/ ACTD Dossiers
- Medical Device (Class-A, B, C & D) Document Preparation & Submission to CDSCO as per MDR-17 rule
- CEP/DMF Filing & Submission to Regulatory Agencies.
- Clinical/Non-Clinical Overview and Bio Waiver Preparation
- Managing Regulatory Response & Remediation Activities
- M.A.H. representation, Qualified Person (Q.P.) & Batch Releasing & Testing Site for Europe Submission

BA/BE STUDIES

- Bioanalytical Service (Small & Large Molecules, PK Studies)
- BA/BE Studies in Healthy Volunteers & Patients
- Biostatistics and Statistical programming
- No Cross Contamination due to untouched volunteer pool

CLINICAL TRIALS

- Early Phase (Phase-I) & Late Phase (Phase II/III/IV/PMS) Clinical Trials
- Data Management and Electronic Data Capture (EDC)
- Specialized in Clinical Trials of Oncology, Neutraceuticals, Biosimilars and Peptides
- Medical Writing

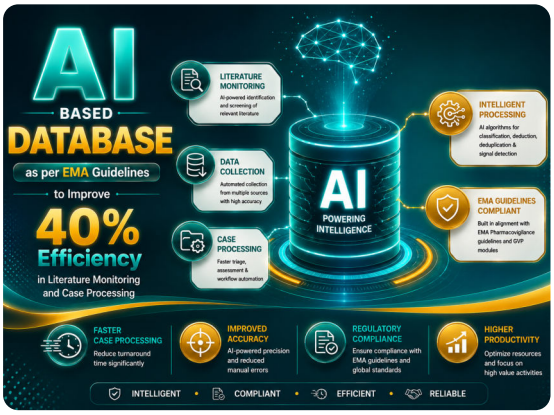

TRAININGS ON

- Cleaning Validation
- GxP (GLP, GMP, GCP, GDP etc.)
- Revised Schedule M
- WHO TRS guidelines and Annexures
- Pharmaceutical Quality Systems like Data Integrity, Quality Culture etc.
- Quality Management Systems

PHARMACOVIGILANCE

- Pharmacovigilance Database Setup
- Medical Information Call Centre (MICC)
- PSMF and SOPs Preparation
- ICSR Case Processing and ADR Reporting
- Literature Monitoring
- PSUR/ PBRER/ PADER
- Risk Management Plan
- Signal Management

INDIVIRTUS®
ECOLOGICAL SERVICES PVT. LTD.
Restoring Water Bodies, Reviving Life

NATURE BASED TREATMENT OF WATER BODIES-
PONDS, LAKE, RIVER, RESERVOIRS AND DRAINS

BLUE COMMUNITY
Member of Blue Community Switzerland

KEY FEATURES

01 Nature Based Process
No Chemical, No Biological Intervention

02 IN-SITU PROCESS
No de-watering
Least Gestation Period

03 BOTANICAL EXTRACTS
Use of 100% Botanical Extracts

04 NO MECHANICAL OR MANUAL DREDGING
Decomposing the Sludge Naturally

05 NO ARRESTING OF INLETS
No arresting of Inlets (Sewage/ Nallah/ Industrial Effluents etc)

06 IMPACTING THE OVERALL CLIMATE
Enhancing Air, Water & Soil Quality, Ultimately Building Climate Resilience

Revenue Generated
- Carbon Credits
- Water Credits
- Emission Credits
- Sanitation Credits
- Biodiversity Credits

MEASURABLE IMPACTS

SHORT TERM
- Free from Odor
- Sludge Decomposition-Clean Water
- Water Quality Restored to IS:2296 Class B
- Free from Mosquitoes-Better Health Index
- No regrowth of Water Hyacinth and other weeds

LONG TERM
- Aquifer/water table recharge
- Air Pollution Mitigation
- Improved Air, Water, Soil Quality
- Improved Biodiversity
- Better Socio Economic Index

AWARDS & ACCOLADES

- **Water hero** by **Ministry of Jal Shakti** (2019)
- **Technology Partner** for **AMRUT 2.0** by **MOHUA** (2022)
- **ESG Enabler** by **MNRE** (2023)
- **CII National Award for Excellence in Water Management** by **CII** (2023)
- Certification of Appreciation by **NIDA, MHA** (2023)

IMPROVE ENERGY EFFICIENCY

WE OFFER UNCONDITIONAL MONEY-BACK GUARANTEE FOR EACH OF OUR PRODUCTS

HVAC, Cooling Towers & Energy Saving Solutions

Solutions and Outcomes

- Cooling Tower Optimization – Upto 50%
- Cooling Tower Fans – 30-40%
- Cooling Tower Fills – Upto 50%
- Smart AHU Solutions – Upto 40%
- Patented Nano Hybrid AHUs – Upto 80%
- Chiller Performance Enhancement - Upto 8%
- Organic Water Treatment Solutions - Significant reduction in cooling tower blowdown and water consumption
- IoT-Based Monitoring & Analytics
- Electrical Safety Audits, Thermography, Equipment Balancing & NDT Testing

Why Choose Us?

- **Proven Energy & Water Savings**
- **Reduced Maintenance Costs**
- **Improved Equipment Life**
- **Sustainability & Carbon Footprint Reduction**
- **Unconditional Money-Back Guarantee**

NOTABLE CLIENTS

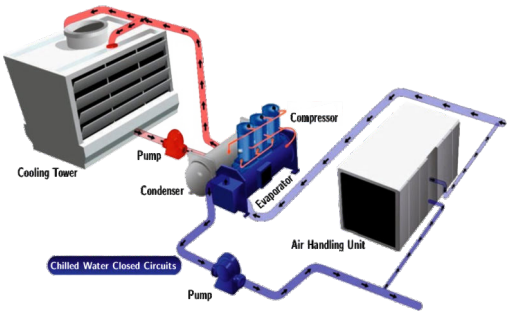

Aditya Birla Group Power Plant, APM Terminals, Aurobindo Pharma, Berger Paints, BPCL, Dr. Reddy's, GSK, HUL, Honda, IOCL, ITC, JK Cement, Jubilant,LG Electronics, Lupin, Mahindra, Maruti Suzuki, P&G, Pidilite, Piramal, Reckitt, SRF Power Plant, Tata AIA, UltraTech Cement, Whirlpool, Zydus and many more.

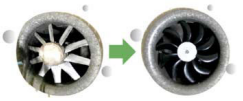

PROUD TO SUPPORT UNITED NATION'S SUSTAINABLE DEVELOPMENT GOALS FOR 2030.

ENERGY AND WATER SAVINGS EXPERTS IN HVAC SYSTEMS

Complete IoT Solutions

Textile Fans

Water & Wastewater | HVAC | Cooling Towers | Energy Efficiency | Sustainability

END-TO-END INDUSTRIAL INFRASTRUCTURE PARTNER

Design - Engineering - Manufacturing - Installation - Commissioning - AMC

Helping industries reduce water usage, energy costs, operating expenses and carbon footprint through turnkey engineered solutions.

WATER/ WASTEWATER SOLUTIONS for

Pharma | Chemicals | Textiles | Food | Dye Manufacturers

Wastewater, Water Reuse & Zero Liquid Discharge (ZLD)

- ETP & STP Systems
- UF / RO Membrane Plants
- MEE & MVR Evaporators
- ATFD Dryers & Stripper Columns
- Electrical Evaporators

USPs of ETP/ STP

1. Advanced Media Technology
2. Optimized Project Economics
3. End-to-End In-house Execution
4. Wastewater Expert with 38+ year of experience

USPs of MEE

1. Advanced forced circulation design
2. Lower scaling and fouling
3. Improved energy efficiency
4. Higher reliability and equipment life
5. Reduced operating cost
6. Faster ROI

Why Choose Us?

- **Turnkey EPC & Integration**
- **Treatability Studies & Custom Engineering**
- **Premium Metallurgy & QA**
- **O&M; Support & AMC**
- **Regulatory Compliance (ZLD)**

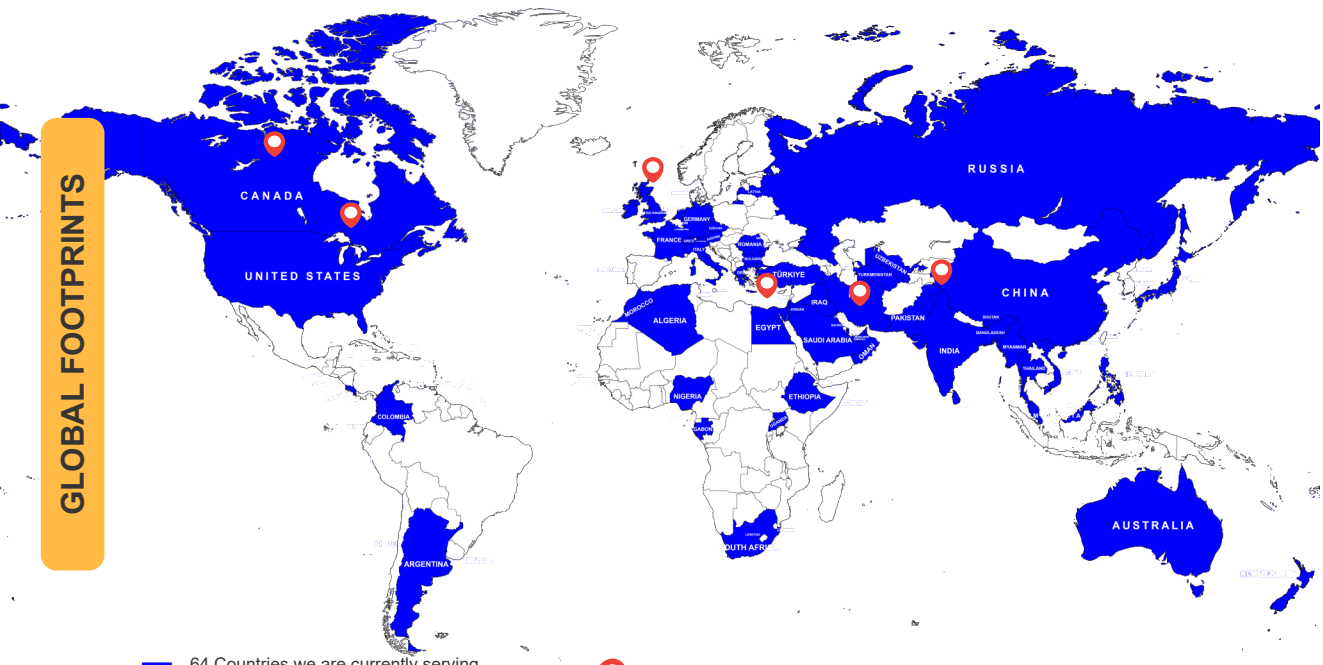

OUR Unique Selling Proposition

- Team with Experience of Performing 1200+ BA/BE Studies
- Team with experience of conducting 200+ Phase III & 120+ Phase IV Trials
- End to End Pharmacovigilance Services
- Only company with a team of 7 Certified Toxicologists
- Experience of preparing 15500+ PDE/ADE & OEL Reports
- Experience of preparing 4500+ Genotox (Mutagenic & Risk Assessment Reports of Degradation/Nitrosamine/Elemental/Extractable Leachable Impurities
- Served 800+ clients in 64 countries
- Experienced & Certified Auditors to Conduct GMP and Vendor Audits
- Experienced Team to perform Formulation Development & Technology Transfer
- Vast portfolio of products, readily available for Technology Transfer i.e. 300+ Products for Regulated Markets & 800+ products for ROW markets
- **One Stop Solution for all Pharma Requirements and Investing CSR funds for Better ESG & UNSDG Ratings, Generating Environmental Credits while working for betterment of Community.**

GLOBAL FOOTPRINTS

64 Countries we are currently serving
Continuously striving to add more

International Business Offices:**USA, Canada, UK, UAE, Egypt**
